Medical male circumcision can be an important part of HIV prevention programs. Voluntary Medical Male Circumcision reduces men's risk of acquiring HIV through heterosexual intercourse by approximately %60.

Each MC surgery will require a MC kit, we designed and developed comprehensive range of both consumables and disposable instruments pack.

BENEFITS

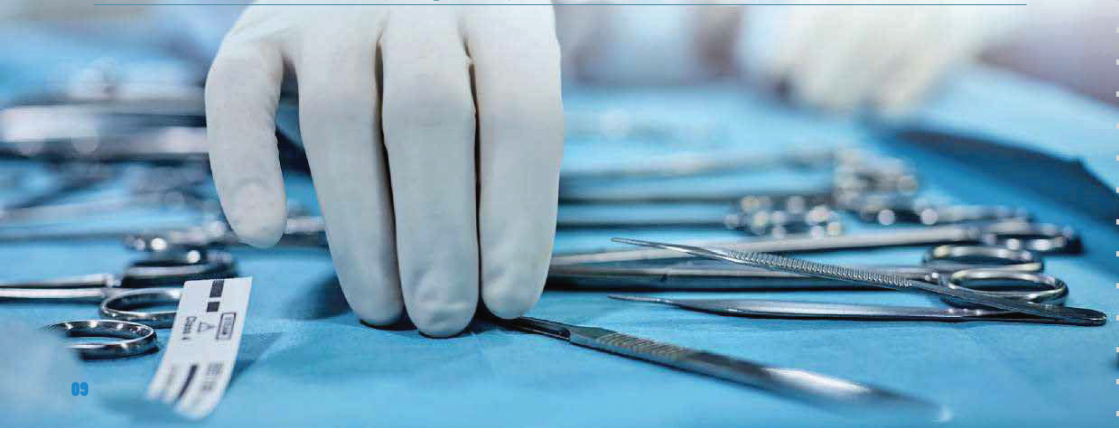

- ★ Safe, effective and hygienic.
- ★ One kit provides a complete range of high quality medical devices required to perform one male circumcision.
- ★ Products are optimally packed in a pouch to facilitate easy handling and practical use of kit.
- ★ Cost-effective.
- ★ Strong supply chain management system.

Voluntary Medical Male Circumcision Kit

OUR RANGE OF KITS COVERS

Kit 3	Forceps Guided Procedure, Single Use, Sterile
Kit 5	All surgical procedures, Single use, Sterile
Kit 6	Essential Consumables Pack, Single Use, Sterile
Kit 8	Additional Instruments Version, Single Use, Sterile
Kit 10	Economical Version, Single Use, Sterile

Voluntary Medical Male Circumcision Kit

Provides a complete range of high quality medical devices required to perform one male circumcision.

Disposable Permanent Makeup Procedure Kit

This new revolutionary kit has everything you need for any microblading or permanent makeup procedure... all in one tidy little package.

It was specifically designed and curated to help artists streamline their setup process with highly needed disposables so that they never forget any tools and always maintain the highest attention to safe work practices.

Each kit includes %100 EO Gas Sterilized components and the entire kit is completely disposable. Each kit is equipped with a lot number, expiry date, and manufacture date.

1. Tray – hold a number of permanent makeup tools and substances.
Everything is within arms reach to ensure optimal ergonomics while you work.
2. Eyebrow Ruler -easily measure and check the design of eyebrows.
3. Clear Facemask – lightweight and comfortable and also provides protection for both you and your client against splatter.
4. Alcohol Swabs – to disinfect or clean the client’s procedure area.
5. Spoolie Brush – used during the design step or after the procedure to show the client her new hairstrokes.
6. Cotton Swabs
7. Cup for Liquids – for water, ice, liquids, etc.
8. Fine Brushes – dip these makeup brushes into your pigment to re-design or trace out extremely fine hair-like strokes, lip liner or eyeliner.
9. Headband – stylish and modern for client use and is also great for taking consistent “before and after” photos for your portfolio.
10. Nitrile Gloves – 3 times more puncture resistant than regular latex gloves.
Nitrile also provides a stronger barrier of protection and offers greater chemical resistance.
They do not contain any natural rubber latex, so they can be used by anyone with latex allergies.
11. Non-woven Cotton Pads – used to wipe and check the procedure area as you work.
12. Pigment Rings -to wear the pigment so that you don’t have to dip pigment from your tray
13. Waste Bag – resealable and comes with an adhesive that sticks to the side of your tray so you may dispose of any waste while you work.
14. Water-Repellant Bedsheet – protect and line your bed with this hygienic and lightweight cover.
15. Water-Repellant Client Drape – keep your clients clean during a procedure. It is also perfect for taking consistent client before and after photos for your portfolio.
16. Water-Repellant Table Paper – Set up the entire Sterile Kit on this water-repellent sheet. When you finish your procedure, wrap everything into the table paper and dispose of it for an easy and fast clean up.

4. Tie baby's umbilical cord with a clean string

5. Cut baby's umbilical cord with scalpel blade

6. Cover cord stump with gauze and leave to air dry and keep free of infections

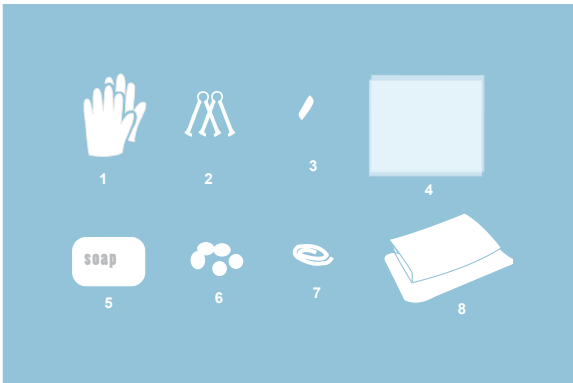

Clean Delivery Kits

Containing essential components for clean delivery.

Clean delivery kits can increase awareness and use of clean delivery practices.

The kits are designed for use in the home by untrained and trained birth attendants (TBAs) and women delivering alone.

Contains supplies that are essential for supporting clean delivery practices providing clean cord care immediately after birth. While clean delivery kits are designed for use in the home, they can also be used in resource-poor medical facilities such as health posts or health centers.

Medical Absorbent Cotton Wool

[Product Specification]

Medical cotton wool roll-25g,40g,50g,80g,100g,125g,200g,250g,400g,454g,500g,1000g per roll or as customized weight

Medical zigzag cotton wool- 25g,50g,100g,200g,250g per piece or as customized weight can be pre-cut or not cut/plain

Medical cotton balls-0.5g,0.6g,1g,2g per ball

Medical cotton pads-5*5cm,8*10cm per piece or as customized weight /size .

[Product Technology]

100% natural quality cotton degreasing, bleaching, processed and, white soft and absorbent.

[Validity]: Five years

[Product Color]: natural white, more than 83 degrees.

[Packing]: hot closure pockets ,string polybag , or blue kraft packaging

FEATURES: 100% natural made of high-quality cotton, white and soft, non-fluorescent agent, non-toxic, non-irritating, non-allergenic, fluffy and absorbent; moisture content of 6-7%, the rate of 8s or less submerged.

[Storage]: Store in a dry, ventilated, non-corrosive gas environment, away from the fire source and combustibles.

[Note]: Check the packaging is intact before use, and packaging signs, production date, expiry date for confirmation.

This product is one-time items, do not re-use.

Medical / Sugical Tape

[Product Specification]

Cotton Zinc Oxide tape -1" /2" /3" /4" x 5y ards/10 yards or as customized Size

Nonwoven porous tape -1" /2" /3" /4" x 5y ards/10 yards or as customized Size

Transparent perforated PE tape -1" /2" /3" /4" x 5y ards/10 yards or as customized Size

Surgical Silk Tape-1" /2" /3" /4" x 5y ards/10 yards or as customized Size.

[Product Technology]:

High stickness Zinc Oxide adhesive or hot-melting adhesive, with moderate viscosity, peeling softly and leaving no residue on body parts.

[Validity] :Five years

[Product Color]: White or Beige

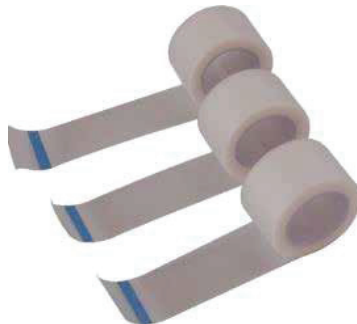

[Packing]: Tinned plate tin, plastic tin and paper sleeve tin. Also, it can be cut into saw-tooth pattern.

FEATURES: Low sensitization, no irritation to skin and reducing allergy occurred.

Widely used in clinical apply in hospital departments for fixing dressings, needles, catheters, etc

[Storage]:Store in a dry, ventilated, non-corrosive gas environment, away from the fire source and combustibles.

[Note]:This product is one-time items, not re-use

Disposable Nowoven Face Mask, Clip Nurse Caps, Shoe Covers,surgical Gown

[Product Specification]

Face mask- ear loop ,tie on ,3ply or as customized

Nurse cap – Elastic clip or puff round , weight 10g/12g/14g ,size 18" /21" /24" or as customized.

[Product Technology]:

[Validity] :Three years

[Product Color]: White color ,Green color , blue color or colors customized as requested

[Packing]:

FEATURES:

Provide users with an excellent protective barrier Masks are made with 3-ply construction with meltblow

Filter Providing bacterial filtration properties that exceed the minimum requirements of the European Typell standard

Easily slide over the ear with a soft elastic rubber sting which holds the mask securely to the wearer

[Note]: This product is one-time items, not re-use

Medical Elastic Bandage (Crepe Bandage, High Elastic Bandage, Pbt Bandage)

[Product Technology]: Cotton fabric + Spandex .Viscose + Polyester

[Validity]: Five years

[Product Color]: White or Beige

[Packing]: 1 roll/BOPP bag

FEATURES: Low sensitization, no irritation to skin and reducing allergy occurred.

Widely used in clinical apply in hospital departments for fixing dressings, needles, catheters, etc

[Storage]:Store in a dry, ventilated, non-corrosive gas environment, away from the fire source and combustibles.

[Note]:This product is one-time items, do not re-use.

Kinesiology Tape

[Product Specification]

Cotton Plain /precut kinesiology tape ,regular plain size 5cmx5m an precut I-strip /Y-strip 5cmx25cm ,20 strips per roll or as customized size

Synthetic Plain /precut kinesiology tape ,regular plain size 5cmx5m an precut I-strip /Y-strip 5cmx25cm ,20 strips per roll or as customized size

4-way stretched Plain /precut kinesiology tape ,regular plain size 5cmx5m an precut I-strip /Y-strip 5cmx25cm , 20 strips per roll or as customized size

[Product Technology]:

High twist cotton & spandex elastic fabric,High elasticity nylon fabric and acrylic adhesive with hypoallergenic property.

[Validity] :Three years

[Product Color]: 12 colors available or as customized printed on tape

[Packing]: 6 rolls/inner box , or can be adjusted as required, individual packaging also available, such as supermarket retail packaging /blister packaging.

FEATURES: Sports protection: Widely used for the protection/ supporting /binding up in sport. Its main functions are to increase the support force, reinforce the joints, restrict the movement range of the joints /muscles effectively to prevent pulled muscle.

Muscle physiotherapy: Treatment of sports injury, cruciate ligament injury, pulled muscle, shoulder & neck strain and joint sprain, increasing the space between subcutaneous tissue and sarolemma, helping lymph circulation, improving metabolism and the body's natural healing power, relieving soreness and swelling of muscle and traumatism.

[Storage]:Store in a dry, ventilated, non-corrosive gas environment, away from the fire source and combustibles.

Elastic Adhesive Bandage/Cohesive Bandage

[Product Specification]

2.5cm (1") / 5cm (2") / 7.5cm (3") / 10cm (4") / 15cm (6") x 5 yards.

[Product Technology]:

Latex or latex-free , hot melting adhesive bandage, combined with high strength flexible cotton fabric or nonwoven fabric

[Validity] :Three years

[Product Color]: White color ,Beige color , Black color any colors customized as the requested

[Packing]:1roll/ Bopp bag ,then packed into the inner box and master carton

or can be adjusted as required, individual packaging also available, such as supermarket retail packaging /blister packaging.

FEATURES: Provide controlled compression and will not constrict over time.

Sweat and water resistant with non-slip support.

Adaptability: Well bandaged on every part of body.

Breathability: Due to the soft material and great tenacity, the skin can be in good contact with air which allows evaporation of perspiration and liquid.

[Note]: This product is one-time items, do not re-use.

New Product Recommendation : Barber Neck Paper

[Product Specification]

Barber Neck Paper.

Package available: 5rolls/shrink , 20shrinks(100 rolls)/carton Or the customized package as your requested.

Color available: White or customized as your requested

Material: 100% cellulose paper with high absorbency and water-proof.

Application:

Widely Used in Barber shop : For hair dyeing, hair cutting to prevent from dirty and hair falling into your neck.

Catches the loose hair, absorbs perspiration and drips

Fits all sizes of necks both in male and female with its flexibility. Good elastic paper can stretched to fit your neck comfortably , with soft touching similar with the cloth around your neck.

Photo reference:

How to use:

Hold the strip on the outside, stretch it slightly and wrap it around the client's neck securely.

(For the best adhesion, pls note that the glue area must be also be stretched)

Press both blue area together.

Make sure it fits securely around the neck to keep the hair from getting underneath

The neck strip is then folded over the cape. Remove the neck strip after finishing the hair styling.

Absorbent Cosmetic Pad

[Product Specification]

Size : 5*6cm,6*7cm,7*7cm,or customized size

Package available: 1000pieces /transparent plastic case,84 case/carton.

Color available: White

Material: Cross Spunlace nonwoven fabric, plain,100% viscose,40g.

Application:

Moisturizing makeup : After cleansing , apply a proper amount of make-up water, essence or lotion with a cosmetic pad , and gently pat the facial skin for routine care.

Makeup off : The pads surface with appropriate amount of remover, gently wipe , can remove facial make-up , soft touching does not hurt the skin. **Remove nail polish:** The wet pads with cleansing water ,waiting for a moment on the nail , and then gently rub the coating can dissolve unloading.

Photo for reference:

How to use:

Open the package , pick the appropriate amount of pads with the to clean face or remove the make-up ,or unload the nail polish. Keep the package closed after used .

Absorbent Square Cosmetic Facial Cotton Make-up Pad

[Product Specification]

Size :6*7cm

Package available: 50 pieces / 100 pieces / 130 pieces/200 pieces/222 pieces in a polybag .

Color available: White

Material: 2 layers nonwoven with 100% natural cotton inside, The soft surface with plain or spunlace fabric with high absorbency.

Application:

Moisturizing makeup : After cleansing , apply a proper amount of make-up water, essence or lotion with a cosmetic pad , and gently pat the facial skin for routine care.

Makeup off : The pads surface with appropriate amount of remover, gently wipe , can remove facial make-up , soft touching does not hurt the skin.

Item	Pic	Feature	REF	Description
Paper Surgical Tape		1.Provides superior skin adhesion. 2.Natural, highly porous construction allows maximum breathability. 3.Tear easily for convenient use. 4.Latex Free.	ST001	Paper Surgical Tape 1.25cmx9.14m
			ST002	Paper Surgical Tape 2.5cmx9.14m
			ST003	Paper Surgical Tape 5cmx9.14m
			ST004	Paper Surgical Tape 7.5x9.14m
Non-woven Surgical Tape		1.Provides high tensile strength & excellent adhesion. 2.Maximum breathability. 3.White, no-sterile, single use. 4.Latex Free.	ST005	Non-woven Surgical Tape 1.25cmx9.14m
			ST006	Non-woven Surgical Tape 2.5cmx9.14m
			ST007	Non-woven Surgical Tape 5cmx9.14m
			ST008	Non-woven Surgical Tape 7.5x9.14m
Transparent Surgical Tape		1.Ideal for IV tubing and catheter tapedowns. 2.Superior adhesion, Highly porous. 3.Tear easily at any direction for convenient use. 4.Latex Free.	ST009	Transparent Surgical Tape 1.25cmx9.14m
			ST010	Transparent Surgical Tape 2.5cmx9.14m
			ST011	Transparent Surgical Tape 5cmx9.14m
			ST012	Transparent Surgical Tape 7.5x9.14m
Silk Surgical Tape		1.Strong lightweight construction. 2.Provides secure durable skin adhesion. 3.Tear easily at any direction for convenient use. 4.Latex Free.	ST013	Silk Surgical Tape 1.25cmx9.14m
			ST014	Silk Surgical Tape 2.5cmx9.14m
			ST015	Silk Surgical Tape 5cmx9.14m
			ST016	Silk Surgical Tape 7.5x9.14m
Sports Tape		1.Strong lightweight construction. 2.Provides secure durable skin adhesion. 3.Tear easily at any direction for convenient use. 4.Latex Free, zinc oxide adhesive.	ST017	Sports Tape 1.25cmx9.14m
			ST018	Sports Tape 2.5cmx9.14m
			ST019	Sports Tape 5cmx9.14m
			ST020	Sports Tape 7.5x9.14m
Medipore H Surgical Tape		1.No fusing with a paper liner, individual packing. 2.Provides secure durable skin adhesion. 3.Tear easily with perforated line convenient use. 4.Latex Free.	ST021	Medipore H Surgical Tape 2.5cmx9.14m
			ST022	Medipore H Surgical Tape 5cmx9.14m
			ST023	Medipore H Surgical Tape 7.5cmx9.14m
			ST024	Medipore H Surgical Tape 10cmx9.14m
Hydrocolloid Plaster		1.Reduces pain and scarring, Promotes healing. 2.Strong waterproof. 3. Breathable and dry. 4. Its transparency enables observe easily.	ST025	Hydrocolloid Plaster 7.5cmx5cm
			ST026	Hydrocolloid Plaster 7.2cmx1.9cm
			ST027	Hydrocolloid Plaster 7.2cmx4.5cm 3pcs 5cmx2.8cm, 2pcs

Wound closure Strip		1.Manufactured of flexible non-woven material; 2.Skin friendly adhesive to minimize skin shearing or blistering; 3.Provides secure closure; 4.Allows maximum porosity and vapor transmission for rapid healing; 5.Latex Free	ST028	Wound closure Strip - Sterile 3mm x 76mm, 5 /pc
			ST029	Wound closure Strip - Sterile 6mm x 38mm, 6/pc
			ST030	Wound closure Strip - Sterile 6mm x 76mm, 3/pc
			ST031	Wound closure Strip - Sterile 6mm x 100mm, 10/pc
			ST032	Wound closure Strip - Sterile 13mm x 100mm, 6/pc
				ST033
Eye Plaster		1.These sterile Eye Plasters are made with a soft non-woven cover,over an absorbent cotton filler; 2. Special "CUT" is suitable for eye curve; 3. Gamma sterilization.	ST034	Eye Plaster - sterile 5.5cmx8cm
IV Transparent Film Dressing with Border		1. PU material, excellent permeable, waterproof, improved infection control,patients can be bath; 2.Transparent film, easy observation; 3.Unique design for fix catheter,laminated with non-woven border, more secure; 4. Round corner for avoids curling; 5.Attached with the adhesive tape for easy recording and fix; 6. Attached with adhesive non-woven tape for fix catheter, more secure.	TD001	IV Transparent Film Dressing with Border 5cmx5.7cm
			TD002	IV Transparent Film Dressing with Border 8.5cmx10.5cm

Transparent Film Dressing Frame Style		<p>1. PU material, excellent permeable, waterproof, improved infection control, patients can be bath, less frequent dressing change; 2. Transparent film, easy observation; 3. Round corner for avoid curling; 4. Attached with the adhesive tape for easy recording and fix; 5. Multiple style design is for different body part and catheter style.</p>	TD003	IV Transparent Film Dressing Frame Style 7cm×8.5cm
			TD004	IV Transparent Film Dressing Frame Style 6cm×7cm
			TD005	IV Transparent Film Dressing Frame Style 8cm×9cm
			TD006	Transparent Film Dressing Frame Style 4.4cm×4.4cm
			TD007	Transparent Film Dressing Frame Style 6cm×7cm
			TD008	Transparent Film Dressing Frame Style 10cm x 12 cm
			TD009	Transparent Film Dressing Frame Style 10cm×25cm
			TD010	Transparent Film Dressing Frame Style 10cm×11.5cm

Transparent Film Wound Dressing		1. PU material, excellent permeable, waterproof, improved infection control, patients can be bath, less frequent dressing change; 2. Transparent film, easy observation; 3. Non-Adherent pad with higher absorb; 4. Round corner for avoid curling.	TD011	Transparent Film Wound Dressing 4.4cm×4.4cm pad 1.5cm×2cm
			TD012	Transparent Film Wound Dressing 5cm×7cm pad 2.5cm×4cm
			TD013	IV Transparent Film Wound Dressing 6cm×7cm pad 1.5cm×2cm
			TD014	Transparent Film Wound Dressing 6cm×7cm pad 2cm×3cm
			TD015	Transparent Film Wound Dressing 6cm×10cm pad 2.5cm×6cm
			TD016	Transparent Film Wound Dressing 10cm×12cm pad 3.5cm×3.5cm
			TD017	Transparent Film Wound Dressing 9cm×10cm pad 4.5cm×6cm
			TD018	Transparent Film Wound Dressing 9cm×15cm pad 4.5cm×10cm
			TD019	Transparent Film Wound Dressing 9cm×20cm pad 4.5cm×15cm

Transparent Film Wound Dressing		<p>1. PU material, excellent permeable, waterproof, improved infection control, patients can be bath, less frequent dressing change; 2. Transparent film, easy observation; 3. Non-Adherent pad with higher absorb; 4. Round corner for avoid curling.</p>	TD020	Transparent Film Wound Dressing 9cm×25cm pad 4.5cm×20cm
			TD021	Transparent Film Wound Dressing 9cm×30cm pad 4.5cm×25cm
			TD022	Transparent Film Wound Dressing 9cm×35cm pad 4.5cm×30cm
Disposable Needles		<p>1.High quality hypodermic needles; 2. Needles only, syringe not included; 3.Steriled; 4.Individual blister packing; 5.Latex Free.</p>	SY001	Needle, 20GX1"
